Annual Spring Clean Up for Sequim City Residents

The City of Sequim will hold its Annual Spring Clean Up program on Friday, April 19 and Saturday, April 20, 2013 from 8:00 a.m. to 3:00 p.m. at the Sequim City Shop located at 169 W. Hemlock.

To the left are two coupons. The Annual Spring Clean Up coupon will allow residents to bring one pick-up load, or approximately one square yard, of trash such as appliances, furniture, tires, etc. to the Sequim City Shop located at 169 W. Hemlock. Without a coupon, the cost is \$10.00 for a pickup load, or approximately one square yard, of trash.

Sorry, no refrigerators, freezers, paints or hazardous materials. For household hazardous waste, please use the Moderate Risk Waste Facility (MRWF) at the Regional Transfer Station located at 3501 West 18th Street in Port Angeles. Call (360) 417-4875 or visit www.clallam.net for more information.

Saturday, April 20 Only—Yard Waste Drop-Off

Joining in the spirit of keeping Sequim Clean, Cascade Bark, located at 11 Washington Harbor Rd., is offering their facility as a drop-off point for brush and yard waste on **Saturday, April 20 from 8:00 a.m. to 3:00 p.m. only.** Residents must bring the coupon for “yard waste” and Cascade Bark will take one pick-up load or approximately one square yard of brush and yard waste per household.

For more information, contact the Public Works Department at 683-4908.

Computers and televisions can be recycled at the Goodwill or at EcycleNW in Blyn. For more information visit www.ecyclewashington.org/

Pharmaceuticals can be dropped off at the Sequim Police Station, 609 W. Washington Street during regular business hours, Monday through Friday 8:00 a.m. to 4:30 p.m.

Progress on the New City Hall and Police Station

The City of Sequim has hired Optimum Building Consultants to work with the City to initiate the planning of the new facility and to assist the City in the procurement of a Design Build team to take the project to completion.

The Design Build process is a system that will help the City avoid the traditional pitfalls that can arise during construction projects. Unlike the typical process where the building design is completed by an architect, construction companies submit bids, and the project is awarded to the lowest bidder, the Design Build process allows the City to specify what we can afford to build. The system then identifies teams that agree to work within those constraints, and not to exceed the price. The teams submit proposals for the project based on criteria supplied to them and within the given price frame. The City has the opportunity to select the team to design and build the facility based on their proposal, experience, competence, and background.

Look for an announcement soon for a public meeting to share ideas and priorities on the project and to learn more about the Design Build process. There will be additional opportunities for the public to review the design proposals in the late summer or early fall.

Planning Commission Seeks Input

The City Planning Commission will meet on Tuesday, April 9, at 6:00 p.m. in the Transit Center, 190 W. Cedar Street, to take public input on two agenda items. The first is the update of the Transportation Master Plan that addresses all modes of circulation within the City. The second is proposed new regulations to limit the height and size of residential accessory structures such as garages and sheds. All citizens are invited to attend and provide comments.
